

CAC^{NORTH SALEM} CONSERVATION ADVISORY COUNCIL CONSERVATION NEWS

VOLUME 2/ APRIL 2021

North Salem's 2021 Earth Day Tree Planting: How to grow a healthy garden

**Please join us at the Ruth Keeler Memorial Library
Saturday April 24, 2021 at 11:00am (Rain date April 25)
Following the North Salem Improvement Society Annual Meeting**

To learn how our yards are the future of conservation, CAC members Andrea Good and Pam Pooley will present how a site behind the library will be restored from a tangle of invasive plants to a pollinator habitat. They will demonstrate the process to remove the undesirable plants and the importance of selecting the appropriate native plants for a moist area. The Open Land Foundation, our local land trust will be on hand with print resources and CAC members will hand out free landscape plugs to get you started in your own yard.

Stop by for your free plant!
