

INTERSTATE 684 & INTERSTATE 84 TRANSPORTATION CORRIDOR STUDY

GET INVOLVED!

New York State Department of Transportation (NYSDOT), in partnership with a study steering committee, would like your feedback during the development of the I-684 & I-84 Transportation Corridor Study.

You are invited to:

- Learn about existing and forecasted traffic conditions
- Provide input on the corridor vision
- Contribute thoughts on corridor needs, issues, and goals
- Provide feedback on transportation strategies

ATTEND THE PUBLIC WORKSHOP!

WHEN: Thursday, December 12, 2019

7:00 PM - 9:00 PM

WHERE: Bedford Hills Town Hall*
321 Bedford Road
Bedford Hills, NY

*Take the Saw Mill River Parkway to Exit 39. Bedford Town Hall is directly across from the Police Department building.

About the Study

The I-684 & I-84 Transportation Corridor Study is being developed by NYSDOT in partnership with a steering committee which is comprised of state, county and local officials with expertise in the areas of transportation. The study team is examining how the corridors function today and working to identify strategies to improve overall operations and safety.

Transit improvements

Congestion relief

Interchange connections

Reduced diversions

Your Ideas Count!

If you have any questions or comments on the study, please contact Ms. Sandra Jobson, Regional Planning and Program Manager at (845) 431-5853 or email sandra.jobson@dot.ny.gov
